## FROM THE DIRECTOR

Treat your child to an unforgettable experience this summer — a week of summer camp at Camp Heritage! Give your camper the opportunity to experience physical challenge climbing our rock wall or learning to water ski. Enable them to develop their creative side in our crafts, ceramics and rocketry classes. Introduce them to the great outdoors in our horsemanship, nature, and outdoor survival skills classes. Provide them with nearly 10,000 minutes to build social skills, find encouragement, and grow spiritually, all while interacting with caring, young-adult role models.

Our theme this summer is WANTED! In April 1945, American Army troops attempted to take a Japanese stronghold near Hacksaw Ridge. As the troops attacked, many were injured. Under heavy fire, Desmond Doss, a medic, dragged 75 men across a field to safety. Many of these men had earlier made fun of him for his

beliefs. Despite their treatment of him, Desmond risked his life to save theirs, soldiers who were in the same army as he was; however, the Bible tells the story of someone who wanted us back so much that He came to this earth, giving His life to save us, even though at the time we were His enemy (Romans 5:8). This summer we will be talking about how much Jesus wanted us back and how He wants to spend eternity with us!

We are excited to partner with you to provide memories your camper will always treasure! Visit our web site, [www.campheritage.org](http://www.campheritage.org), for full details about our program. Adventures are better when shared with someone else, so, consider inviting a friend to enjoy the experience with your camper. Get ready for the ride of your life!
